

We're hiring!

Seeking talented team members to join our ALBD family!

Job Title: Electrical Apprentice A4

Position Type: Full-Time

Who We Are:

Since 2006, ALBD Electric & Cable has provided the highest-quality commercial and residential electrical installation, service and maintenance. We take pride in our 100% self-performance capabilities consisting of underground, ground-up, design-build, construction, tenant-improvements, and much more. ALBD's multi-faceted specialties and reputation have awarded our teams exciting projects with leaders in a wide array of industries.

We are not your average electrical contracting company. We are more than that. There is a cultivated family environment here at ALBD created by our ownership then nurtured by our leadership team. Many of our employees have been with us since inception and all of our employees are inspired by the opportunity for further development, training, and advancement.

Job Purpose:

An Electrical Apprentice A4 installs and repairs electrical equipment, wiring, conduit, and fixtures with knowledge of N.E.C. Electrical Codes. An Apprentice A4 exhibits leadership skills, has a strong work ethic and exercises a high level of independence with oversight from Journey-level and Foreman position(s).

Responsibilities:

- Assist Journeyman and Foreman electricians.
- Assist in wiring and performing mid-level to advanced electrical connections.
- Operate Power Tools.
- Owns all basic Electrician Tools.
- Helps develop A1-A3 Apprentices.
- Assists in maintaining job site and staging area cleanliness.
- Works on scissor lifts.
- Makes sure lower level apprentices are properly assisting others.
- Ensures A1-A3 Apprentices are properly assisting other team members.
- Maintains a list of required materials to perform job duties.
- Communicates material needs to the Foreman on a daily and/or as needed basis.
- Runs and straps MC cable.
- Runs and straps EMT, PVC and seal-tight conduit.
- Performs make-up on wiring for basic devices.
- Able to patch Cat-5E Cable and terminate to a RJ45 terminal or connector.
- Trenches for Underground utility and/or power supply.
- Operates power actuated tools for the setting of acoustic ceiling wires.
- Drill and tap steel for mounting of electrical infrastructure.
- Work in both extreme hot and cold conditions, indoors and outdoors.
- Additional responsibilities & duties may be required.
